IEEE Computational Intelligence Society (CIS) Chapter, MP Section, organizes

IEEE CIS Summer School on Advances in Sustainable Computational Intelligence, Machine Learning and Large Language Models for Biomedical Applications

About the Program

The IEEE CIS Summer School 2026 is designed to enhance students understanding of the Sustainable Computational Intelligence(SCI), Machine Learning (ML) and Large Language Models(LLMs).
This immersive program offers lectures, mentorship sessions, hands-on sessions on:

- Medical Image Analysis
- Biomedical Signal Processing
- LLMs for Biomedical Text Analysis

Event Highlights

- Lecture Sessions: Learn from expert speakers.
- Hands-on Workshops: Practical exposure to the latest AI technologies.
- Oral/Poster Presentations: Opportunity for participants to showcase their innovative ideas.

4th -6th December, 2026

Registration deadline:
Nov 22, 2026

General Chair

Prof. M. Tanveer
Founding Chair, IEEE CIS Chapter - MP Section
INSA Associate Fellow and SERB Ramanujan Fellow
IEEE CIS Distinguished Lecturer
INSA Distinguished Lecture Fellow
Professor of Mathematics, IIT Indore
